

50-pin male SCSI connector to host adapter (ribbon cable)

68-pin male SCSI connector to device

Notes:
Schematics based on HP P/N 5182-4551
Should work for both single ended and differential SCSI
Uses 68-pin male IDC connector
PCB thickness should be thin (0.031" or so), due to length of IDC "pins"

Title 50-pin (M) to 68-pin (M) SCSI adapter
